

F. A. Q. - Explore Arran

- **How do I book my accommodation?**

Once you have decided on the date, the amount of overnight stays you require and the villages you want to stay overnight at, simply complete a booking form and return it by e-mail or post. If you require assistance in route planning then please do not hesitate to contact us.

- **How far in advance do I have to book?**

It is always better to book well in advance (especially in the peak months of May & June) as accommodation is limited on some stages on the walk. Last minute bookings are however still possible although you may not always receive your preferred type of accommodation.

- **How do I pay for my accommodation?**

The remaining balance is due six weeks before arrival.

Accommodation providers require a deposit in order to secure your room(s). An invoice will be sent to you which gives detailed information on the cost of your accommodation, the total amount of deposits required and the cost of the booking fee. Simply return the form along with the payment requested to confirm the accommodation. The remaining balance is due six weeks before arrival and a final invoice will be sent to you at this stage.

- **What if I have to cancel?**

Please note that no refund can be given within seven days of your arrival date unless the accommodation providers can re-book the room(s).

However, we strongly advise you that you take out a travel insurance policy to cover in the event of cancellation, illness, baggage loss, etc.
